

Add-ons Guide

To add an extra, simply increase your total pledge amount using the pledge manager by the value of the Add-on you want. After the campaign, a survey will allow you to confirm your selections.

Thank you!

Plus more to come...

Build your Gaming Table!

Scenery Bundles:

These scenery bundles are great for expanding your scenery collection!

To make things simple we've grouped together the Building Sprues and Connector Sprues into bundles known as **BattleZones**.

Each *BattleZone* contains ***4* Building Sprues and 1 Connector Sprue** from a set theme.

The current BattleZone themes are:

- Core worlds
- Landing Pad
- Fortifications
- Ruins

Each of the following *Scenery Bundles* allows you to pick and choose which *BattleZones* you want.

Urban Fight 1 Battlezone of your choice – total of 4 Building Sprues, and 1 Connector Sprue.	\$25
Urban Skirmish – covers a 2'x2' gaming board. 2 Battlezones of your choice – total of 8 Building Sprues, 2 Connector Sprues PLUS 1 Accessory Sprues	\$50
Urban Battle – densely covers a 2'x2' gaming board. 4 Battlezones of your choice – total of 16 Building Sprues, 4 Connector Sprues PLUS 2 Accessory Sprues	\$95
Urban War – covers a 6'x4' gaming board. 8 Battlezones of your choice – total of 32 Building Sprues, 8 Connector Sprues PLUS 4 Accessory Sprues	\$185

For example, **Urban Skirmish** allows you to pick 2 BattleZones from the list of unlocked choices. This could be 2 Core worlds BattleZones, 2 Landing Pad BattleZones, or a mix of the two. As more are unlocked the amount of choice increase.
